• **Product description**

LED Floodlight 5010:	5010 - 1x220W and 2x220W
5010-PU	1x220W and 2x220W
Rated voltage:	230V (AC and DC)
Frequency:	0/50/60 Hz
Degree of protection:	Floodlight IP 66/67, 5010-PU IP 66/67
Class:	I
Suitable for open deck:	Yes
Ambient temperature:	-30°C up to 55°C
Material:	stainless steel Corrosion-free, vibration proof saltwater and UV-resistant
Luminous flux:	30000 lm / module
Light colour:	5.700 K, optional other colours

• **Application/Limitation**

Installation instruction of the manufacturer to be followed.

Location classes:

Temperature class:	D
Humidity class:	B
Vibration class:	A
EMC class:	B
Enclosure class:	C

• **Type Approval documentation**

Tests carried out

Applicable tests according to Class Guideline DNV-CG-0339, August 2021. Applicable tests according to Class Program CP-0398, September 2021
 IEC 60598-1: 2024, IEC 60598-2-5: 2015

• **Marking of product**

The products to be marked with:

- Manufacturer name
- Model name
- Serial number
- Power supply ratings
- Degree of protection

• **Periodical assessment**

The scope of the periodical assessment is to verify that the conditions stipulated for the Type approval are complied with and that no alterations are made to the product design or choice of materials.

The main elements of the assessment are:

- Ensure that type approved documentation is available
- Inspection of factory samples, selected at random from the production line (where practicable)
- Review of production and inspection routines, including test records from product sample test and control routines
- Ensuring that systems, software versions, components and/or materials used comply with type approved documents and/or referenced system, software, component and material specifications
- Review of possible changes in design of systems, software versions, components, materials and/or performance, and make sure that such changes do not affect the type approval given
- Ensuring traceability between manufacturer's product type marking and the type approval certificate.

Periodical assessment is to be performed after 2 years and after 3.5 years. A renewal assessment will be performed at renewal of the certificate.
